

# THE LEADING NAME IN CHEMICAL STORAGE TANKS

- 1 CORROSION PROOF**
- 2 ANY SHAPE AND SIZE**
- 3 PRICE GUARANTEE**

## DESIGN STORAGE TANK

HDPE tanks are well-suited for gravity flow applications. This makes them ideal for processes where controlled liquid dispensing or transfer is required without the need for additional pumping systems.

## OUR PRODUCTS LINEUP

Our product lineup also includes poly equipment like Tank, scrubbers, degassing towers, blowers, venturis, chimneys, agitators, fume hoods, covers, ducts, hoppers, Nutsch filters, and lab instruments.

## FEATURES

- Space-Efficient Design
- Gravity Flow Applications
- Capacity Range
- Accessories and Fittings
- Temperature Considerations
- Corrosion Proof
- Available Color Option & Thickness Option
